

**UNIENDO COMUNIDADES  
to defend democracy.**

Latinos are the fastest growing voting bloc, yet Texas Republicans want to restrict YOUR right to vote. Members of the Texas Legislature have proposed four new laws that serve to ERODE your voting rights by requiring UNNECESSARY proof of citizenship and identification to register and vote.

**Passage of these laws would discriminate against Hispanic and other minority communities.**

## PROTECT YOUR RIGHT TO VOTE.

www.LatinosforTexas.com • meet-ups every third Tuesday

The proposed laws (HBs 516, 1293, 1406 and 1702) will:

- Discriminate against Latino and minority communities.
- Dilute the voting power of Latinos and minority populations by suppressing voter turnout.
- Burden Texas counties with unfunded state mandates that will be paid for with *your tax dollars*.
- In certain cases, result in having to pay to register and vote.

Tell our Representatives to:

- STOP DISCRIMINATORY VOTING PRACTICES.
- Defend the fairness of the voting process.
- Defend the growing voice and decisions of Latino and other minority communities.
- Defend their county against unfunded state bureaucracy.
